A PAPER FOR THE PEOPLE.
A FIRESIDE COMPANION.
It is true if you see it in
THE BEE.

THE WASHINGTON BEE.

The Bee
—IS A—
GREAT ADVERTISING MEDIUM.
TRY IT!
Do you want reliable news? Do you want a fearless race advocate? Do you want colored trade? Read and advertise in THE BEE!

VOL. XVII. WASHINGTON, D. C., SATURDAY, AUGUST 6, 1898. No. 10,

DR. F. J. SHADD.—Before the Hampton Conference.

Capt. John H. McDonald.—Ahead

THEY SAY

Be truthful.

The people are wondering if Thompson of the Colored American has any recollection.

E. E. Cooper ought to know that no one he abused last week was ever dismissed from the Railway Mail Service for robbing the mails.

Neither did any grand jury ever indict any man he attempted to abuse last week.

R. W. Thompson ought to know also that no one he mentioned last week ever had his wife to come to the Government Printing Office and have one dismissed for non support.

The public should beware of bogus newspapers agents.

The BEE is the leading paper in the United States.

The American negro should have some manhood.

It is the bad man who does bad deeds.

Think well of those who tell the truth.

The colored soldier is still in the dark.

He has been promoted from private to lieutenant.

They fought bravely at Santiago.

They saved the lives of many hundred Rough Riders.

They have been compensated by being promoted to lieutenant.

The day will soon come when the colored soldier will be wanted.

The nation will have a greater war with other nations soon.

Don't forget, The BEE's prediction.

Don't be alarmed the country is safe.

E. E. Cooper can change quicker than any man who attempts to run a newspaper.

His democratic proclivities caused him to leave Indianapolis, Ind.

He will leave Washington shortly.

Mark The BEE's prediction.

Honest men will do honest deeds.

Be truthful in all things.

You cannot help from secceeding if you do well.

Don't forget that your duty is first to your race.

Why did E. E. Cooper leave Indianapolis, Ind?

Don't let everybody speak at once.

The BEE has an interesting story concerning the colored editor.

Do your duty to your fellow man.

"The world is a stage and the people are players."

Dr. Phil. B. Brooks is making himself a great physician.

Dr. Curtis of the Freedmen's Hospital is no longer chief.

Miss Ebersole is the boss of that institution.

Dr. Curtis is not in it.

He is chief in name but not in fact.

Will Miss Chief Ebersole inform The BEE, whether colored doctors are admitted to the operations?

The civil service is not to be lifted from the Government Printing Office.

Does it pay to elect civil service Presidents?

Does it pay republicans or democrats?

Don't forget that your duty is to do right.

Not a District republican has been appointed yet.

This is a white man's government.

Negroes must be content with what they get.

Negro leadership is a failure.

If you want to find second class donkies, just take a peep in the office of the Colored American.

Caution!—There have recently been issued several cheap reprints of the 1847 edition of Webster's Unabridged Dictionary, an edition long since superannuated. These books are given various names,—"Webster's Unabridged," "The Great Webster's Dictionary," "Webster's Big Dictionary," "Webster's Encyclopedic Dictionary," etc., etc.

Many announcements concerning them are very misleading, as the body of each, from A to Z, is 44 years old, and printed from cheap plates made by photographing the old pages.

HAMPTON CONFERENCE.

The report of the conference which met at Hampton, Va., last week is one which should be carefully considered. And the fact that the meeting was comparatively informal shows that the interest concerning unfavorable moral, social material conditions of the race is growing. There were several interesting and valuable documents contributed, but perhaps the most important was that presented by Dr. F. J. Shadd, of our city, on the subject of "Vital Statistics." There has been a notion among our people that the race was rapidly increasing and that the representations of statisticians on the subject were enormous and based in a desire to intensify the feeling against the race. But Dr. Shadd showed conclusively that the vitality and fecundity of the race are fast deteriorating and that unless drastric measues of a moral and sanitary character are soon applied the existence of the colored race will be short lived. A most interesting feature of the doctor's paper was the statement that the colored people are practically immuned from such contagions as, diphtheria and typhoid fever.

This phase of the situation presents a very hopeful sign and shows that the principal matter to be looked after is our sanitary surroundings. From what he says, by temperance and cleanliness we can even avoid evil consequences hereditary taint of consumption which is pretty generally distributed among the race. The matter of cleanliness is an easy matter of adjustment. Moreover uncleanliness is not a characteristic of our people. We are people more clean than any other race conditional as we are. This of course may be accounted for in the fact that we are in large numbers the house servants of the rich and well-to-do people who enjoin or enforce cleanliness as a condition precedent to employment.

It is to temperance that those interested in the race should direct their attention, for it is not only a question of morals, but it is now a question of the life or death of the race. There are certain grog-shops who keep what they call "nigger gin" for the colored people, so great is the demand among them for that questionable article. If the race could enforce temperance on the race, the moral condition would be greatly enhanced. Moreover strong stimulants like alchohol are calculated to arouse latent hereditary taints and to set them in motion on their death producing career.

The building regulations now in force in the District are calculated to arrest diseases consequent upon living amid unhygienic conditions, for the reason that the future alley house must be provided with sufficient yard to allow something like fair sanitary conditions. It is to be hoped that our white enemies instead of driving us to the wall will show the spirit of humanity and treat us decently, if for no other reason than that indications point to a time when the much abused colored man will disappear from the face of the earth forever. There may be a vein of selfishness in such charity, but if they will only apply it the race will at least have something like a tolerable time during the little while they may be on terra firma.

OUR TEACHERS.

It is a hopeful sign to see so many of our school teachers attending summer schools and institutes during their vacation. Hitherto it has been the custom for the teachers to go to some fashionable resort, there to squander their means and weaken their constitutions in quest of empty pleasure, to return to school work in a very much worse condition than when they left their schools. We congratulate the teachers and hope that their example will be emulated and imitated by others. It may not be amiss for them to so improve their time as it has been hinted that the standard of the teacher must be raised and those who cannot come up to it will in all probability; be dropped at the end of next year. The present board of trustees act as though they mean to make the schools what they ought to be, even if it costs the heads of many teachers who are not doing what they should toward advancing the cause of education. The schools are for the people and not the teacher and the interests of the pupils and patrons must be con

SERENITY IN THE RACE.

If we are to judge from the serenity which prevails in the race it seems that we can now congratulate ourselves that the erstwhile leaders have either been sent to the guard-house or have concluded to step back into their proper places in the ranks, along with other common folks.

If this is due to the deliberate choice of the aforesaid leader, it indicates that the element of modesty is still in the land and the outlook is hopeful. It may be, however, that our leaders are only hidding since the harvest is over and there will be nothing to occupy their time and talents until another crop of political plums is ready. In the mean time the rank and file will plod along, take an interest in the race and pay particular attention to their own business.

If our leaders so-called had not concluded to hide from public gaze that they might now be able to suggest something which would ameliorate race condition and do much to cause the goverment, while in the commendable act of doing the humanity act in foreign lands, to apply the same policy to the colored people in this country. But the leaders are not with us and we must jog a long without them and manage to paddle our own canoe hopefully and persistently. There is no complaint on our part on account of the absence of leaders and trust that we way enjoy the same complaisant condition for some years to come.

CUBAN PATRIOTS.

The slur cast by Major Urell, of the District reginent, upon the Cuban patriots is one which was no credit to an officer who is supposed to be a gentleman and to know something about the facts. In refering to the insurgents he very kindly says that he "would not give one Virginia 'nigger' for a score of them." Some might suppose that the major intended to imply that the "Virginia nigger" was quite a remarkable person, but as a matter of fact, that "nigger" was referred to as the lowest order of homo in this country and as a standard by which to compare the Cubans. In this usjust characterization of the Cubans, the major differs from such eminent men as Senator Proctor and Hon. Amos Cummings, who after an extended tour of the island with the view of obtaining the facts came back to this country and stated that the Cuban patriots are brave men and justly entitled to the consideration of all enlightened people. Maj. Urell is doubtless catering to a mean, despicable and non-progressive sentiment of this country which sees nothing good in one whose color is not white. All the same, the Cubans are more loyal to their trust than was the major who swore to defend the rights of the Cubans against the tyranny of the Spaniards and who repudiates his stripes by malicious misrepresentations. Major Urell is characterizing the white Cuban people as low, because in his experience he has been able to observe no further than the half-starved, uneducated campfollower.

MORAL REFORMERS.

One thing Capt. John M. McDonald can boast of is that he did not employ men who had been dismissed from the railway mail service for breaking open letters and doing other notorious offences. This gang of sharks who have imposed themselves upon Mr. Gould were rightly exposed at Colesville, on last Thursday night.

THE COLORED ATTORNEY.

It is to be regretted that we still have around our courts colored attorneys who seem to ferget themselves some times and lose all their self-respect and senses. The legal profession should be elevated and colored lawyers should do all in their power to show to the court that they have respect for themselnes as well as for the court. It frequently occurs that some colored attorneys make asses and monkies of themselves, not only to the disgust of the court, but to the many hundred intelligent spectators that frequent our courts.

There was a most ridiculous scene in the court one day this week, but on account of the very good nature and fairness of the judge the offending party was not sent to jail, nor was he compelled to pay a fine. He apologized for his actions the next day. These are some of the causes that bar the colored attorney from being admitted to the bar association.

CAPT. JOHN M. McDOMALD.

THE FIGHT IN THE 6TH CONGRESSIONAL DISTRICT —THE OUTLOOK BRIGHT FOR HIS RETURN.

This week has been a busy one among the republicaus of the 6th Congressional District of Maryland. The ight between Capt. John M. McDonald and Hon. Ashly M. Gould has been wageing hot.

The friends of Capt. McDonald are confiden that he will win, while the friends of Mr. Gould are equally as confident.

The fight against Mr. Could is on account of a speech he delivered in 1895 in which he is charged with having said: "The republican party is not beholding to the colored race for their votes and would be better off without the negro, as a great many young democrats would come over to the republican party if it were not considered the negro party."

Mr. Gould has been endeavoring to explain this away, but a majority of the colored men are of the opinion that he did say it.

Rev. Dr. Fitzhugh, Charles Alexander and Editor W. Calvin Chase have been canvassing the district in the interest of Capt. McDonald.

Big meetings have been held all the week. On Monday night Messr. Chase, Alexander and Fitzhugh addressed the republicans at Glen Echo, Md., Tuesday nigh there was a joint debate at Gaithersburg, Md., in which Messrs. Chase, Alexander and Irby spoke. Wednesday night Mr. Chase addressed the republicans of Poolsville. Thursday night there was an exciting time at Colesville, Messrs. Chase Fitzhugh and Dawson spoke. Friday night there was a big meeting at the Brickyard.

BURNS PROVE FATAL.

BESSIE TURNER DIES FROM EFFECTS OF INJURIES RECEIVED.

Bessie Turner, seventeen years old who was badly burned at her home, No. 3110 7th street, extended Monday afternoon, died at Freedmen's Hospital Tuesday morning. Her young sister, Alice Turner, who was burned at the same time is better. She was able to be taken home. The accident resulted from the use of coal oil in starting a fire in the stove. In addition to the injury to the children the house was slightly burned.

PINCHBACK A COLONEL.

From the Kentucky Standard.

The President is considering the appointment of a negro colonel in the volunteer army and ex-Gov. P. B. S. Pinchback is being strongly advocated for the position.

MR. BARKER.—DEAD.

Mr. Taylor Barker, brother of Mrs. Mary J. Brown and Miss Dorah Barker died on last Monday. Mr. Barker was a well known citizen of this city and connected with one of the best known families in the city. Miss Dorah Barker who was at Silcott Springs arrived in the city Tuesday to attend the funeral.

Dr. F. J. Shadd's Address

BEFORE THE COLORED CONFERENCE.

Often the thought of becoming a mother weighs heavily on her mind, hence the checkered career before gestation is completed is a serious condition for mother and child.

Hard work, poverty, and bad surroundings are always conducive to fatalities and even when everything goes well with her the squalor of her condition gives no warmth to the expression. "Welcome little stranger." The poisons of specific infection tend to cause still-born and premature births. Statistics do not contain full account as the mother will not give all the facts when she knows that she criminates herself.

The evil results of such diseases must be taught our people. They should know that specific infection destroys thousands of the race.

There are three times as many still-born colored children in the D. C., as there are white and we are only one-third of the population.

Infant mortality is alarming, because 60 per cent of the confinement cases are attended by ignorant midwives.

Under infant mortality, syphilis causes many deaths. The ranges of such infection are very extensive. It causes lesions of nerve centres, viscera, bones blood vessels, hence a disease contracted five or ten years ago now like "Banguo's ghost" will not down at our bidding but is plainly in evidence as we view the vital equation of the race. Discusting as the thought may be, I must call the attention of this conference to its bateful influence extending in an unbroken chain from the hovel of the poorest to the mansion of the richest, sapping the life of the nation.

Even under the most scientific treatment it takes years to eradicate it from the system and worse than all no one can tell when the patient is cured.

Some claim there is no cure. This moral leper often turns from his evils ways, joins church, becomes a bright and shining light and soon marries a healthy and virtuous christian woman when he infects with his poison which is handed down "in biblical language' "to the children of the third and fourth generation."

As a physician who has attended thousands of such cases I enter my solemn protest against it.

I am opposed to allowing boys to sow wild oats.

Until we can arouse the lad to such a state as to demand different conditions we must expect our mortality to be large.

Our teachers must consider this subject and act in accord with these facts. We must teach the youth purity of thought and acts.

In his fields of usefulness, politically and civilly, the negro is very often barred in his avocations, but there are no forces strong enough to keep him from being abstemious, moral and honest, provided he has the courage to do right.

He has the power within himself to keep from all vices. Let him show the world that he is a freeman, free from all intemperance, free from all influences which degrade and make him bestial.*

Concensus of opinion seems to be that the world has reached a point where the Caucasian is superior and all else must give way before him.

Mark this warning! We must act at once and fortify the citadel of race advancement by heeding the letter son the wall of public opinion respecting the future of the negro in this country.

We are a part of this great nation; we are Americans in every thought and word and always ready to stand guard for the protection of our country either at home or abroad.

We rally around the stars and stripes and plant our banner on the rampants of Morro Castle; we face death in protecting this flag even though we are unprotected under its folds at home.

Such is the irony of fate and such is the evolution necessary in transforming slaves into freemen.

Hispain-American war is a great opportunity for the negro. But unless we can live under the benign influences of American civilization how can we survive in new territory?

The times are ripe for advancement; a glorious future is before us, glorious because there is contention and strife among the dominant classes. Are we ready to use the opportunity offered today?

My answer is yes. We must incourage economy, industry, personal purity, in fact all the cardinal virtues.

We must become acquisitive; we must devise those things beyond the limited confines of our homes.

Place for the future and be ready to strike when the iron is hot. Micawbers are not wanted in this age. We must be ready to engage in everything tending to broaden our horizon, show results of our energy, judgement and forethought.

Be ready to take the tide at its flood and reach the goal of success in safety.

How to live should be the text before every colored congregation in this country. Our ministers may become powerful factors for good if they preach less about Moses and the Prophets, gastronomic facts of the biblical whale and more about how to live and enjoy the beauties of the world. "How to live" should be taught the children in the public schools.

United in one purpose we can succeed in reducing the alarming mortality of the negro.

Race protection demands that we act at once and along social economics lines which is the only solution of the mixed problem which confronts us today. When we shall master our own vices, when we shall become strong physically, mentally, morally and financially, there will be no question as to the future of the negro.

Editor Chase and Rev. G. W. Fitzhugh spoke in Barnesville, Md., Wednesday and Clarksburg, Md., Thursday night,

THE BEE'S School of Printing will be one of the best institutions of its character in the United States.

SCHOOL OF PRINTING.

We would respectfullly call our readers' attention to a new field of lador that THE BEE has inaugurated at its office, 1109 I street, N. W.—a School of Printing for colored youths. It is the intention of the management that any who may avail themselves of the advantages of this school, shall receive a complete practical training in the art of printing in all its branches. The instructions will be under the personal supervision of Mr. Chase, member of the Typographical Union of this city, and who is without doubt among the best all-round printers in the country. Our facilities will be augmented by an entire new printing outfit, including all the latest styles of type, job presses and cylinder press, which will give pupils a chance to be up-to-date in the trade. In this connection we would ask our patrons to send in their orders for job work of any kind, as we will now be able to fill all orders from the smallest visiting card to the largest poster, and promise that our prices and work will compare favorably with those of any firm in the city.

Any young man desiring a trade will do well to write us for terms, etc., or call at this office and look over the establishment. The school will open on July 26th, and those desiring tuition will do well to inquire at once, as only a limited number can of necessity be accommodated. For information, terms, etc., Address, W. Calvin Chase, Manager Bee School of Printing.

Thanking you for past favors, and feeling assured of your support in this new endeavor, we are yours, THE BEE.

REV. ANDREW JONES.—THE PROPHET.

HIS PREDICTIONS VERRIFIED.—NEW PROPHESIES BY THE PROPHET.

Rev. A. Jones, the prophet, whose predictions have all come true, is in the city. He is one of the most remarkable men in the world, who sees things in dreams and visions. All of his prediction have come true. He now predicts the destruction of one portion of Washington city. He also says that after the United States ends the war with Spain there will be a greater war in which thousands will be killed on both sides. Then he says the negro will come in for his share of recognition. It will not be a man's war, but one ordered by God. The cause of it will be the people have departed from the laws of God and the works of rightousness. Except the people repent of their sins there will be a great famine in the United States for the want of bread and water.

The end of these troubles will not terminate until 1931, at which time the colored man will have his rights. He claims that the Lord has shown him that some of the finest cities in America are going to be cursed by the plagues that are found in Isiah 29th chapter and 6th verse. For the same plagues that destroyed the ancient cities will destroy our cities.

Rev. Jones has been preaching in the city all the week at the Virginia Avenue Baptist church, large crowds went to hear him.

It will be remembered that Rev. Jones predicted a great storm for this city in July '96 and it came within two months to the very night.

He also predicted the war between the United States and Spain while in Indianapolis, Ind., on June 14, 1897.

He went to Johnstown and told the people they would be destroyed. He went to Atlantic City and told them they would have a flood. He came to New York and told them they would have war with some foreign country, and so it is.

Rev. Jones left the city Wednesday morning for Wilmington, Del., and the east.

ROYAL BLUE TRAINS.

In September last, railway officials from London were sent to America, to get ideas on the railway passenger service of the leading lines in this country, and in their official report, which was printed in the London Times in January, it was stated that the "Royal Blue Line" series of magnificent passenger trains, running between New York, Philadelphia, Baltimore and Washington, lead the world for quick and exquisite train service.

The "Royal Blue Line" service consists of nine elegant passenger trains a day in each direction between the cities named above. They are the finest and fastest trains in the world. Their equipment was built especially for the service by the Pullman Company, and includes every modern convenience known for the comfort of passengers. The trains are vestibuled from end to end, and hauled by the strongest and fastest locomotives in the United States.

The exquisite day coaches of these trains are worthy of special note. They are beautifully upholstered, each containing a washroom and smoking compartment.

The parlor cars are the most palatial ever built, being fully seventy-three feet long. In addition to this service, three new parlor cars were added in April, and are the first of this kind ever run; they are richly upholstered and ornamented throughout in most beautiful designs. A ladies' retiring-room is provided in one end of the car. This room, which is six feet square, is furnished with a beautiful dresser with large mirror and a number of drawers. On each side of it are upholstered corner seats. In another corner is a bookcase and stationary washstand. The room was designed for especial comfort of ladies, who have always claimed men had the best of it when travelling. The usual smoking apartment, however, is at the opposite end of the car.

The dining cars are operated by the Baltimore & Ohio Railroad Company, and especial attention is given to the menu. Every delicacy is served in season, and the service is unsurpassed.

In addition to the already perfect service of "Royal Blue Trains" mentioned above, there will be put into service May 15 a "Royal Limited" train, which will leave New York at 1.00 P. M., making the run to Washington in FIVE hours. Returning, the "Royal Limited will leave Washington at 3.00 P. M., arriving New York at 8.10 P M. The "Royal Blue Line" will then boast of three trains which make this extraordinary fast time between Washington and New York, which has never been attained by any other line. The "Royal Blue Trains" between Baltimore and Washington make the run in FORTY-FIVE MINUTES—the fastest regular service ever attained between the two cities.

The terminal at New York City is the most convenient for all points in Greater New York. Passengers can land at South Ferry (Whitehall Terminal), where, under the same roof, connection is made with the elevated lines of the second, Third, Sixth and Ninth Avenues, and the Broadway, Lexington and Columbus Avenue Cables. All the Brooklyn Ferries also start from this point, and by taking

E. M.—You should be careful and resent any seeming insult.

Q. T.—All of the kindergarten teachers have been appointed.

Ollie.—Your chances for appointment stand as well as others.

Jeanette.—A good woman is known by her deportment in life. We cannot always judge by dress.

O. M.—Some women cannot stand prosperity. You should not lose your senses.

E. T.—Long engagements are dangerous. Always conduct yourself in a lady-like manner.

S. E.—I would advise you to be careful. A young girl cannot afford to go out riding with a young man with whom she is not thoroughly acquainted.

Essie.—If you are satisfied that he can take care of you, I advise you to marry.

Tillie.—Summer girls more or less go too far with young men they meet. Never permit familiarity.

O. M.—Yes, your mother gave you good advice. Girls should be modest in their dress.

Emma.—You are correct in your conclusions. Your advice to your sister was correct. It is not wise to marry too young.

O. P.—A young girl should learn how to govern her temper. It is ugly to show an envious disposition.

Sadie.—The way to command respect is to respect yourself. A girl who is not sedate cannot expect to receive respect from those she meet.

Ellla.—Some times a change from city life to that of country benefits one. It is no benefit hower, if you expose yourself to the sun.

Essie: Take my advice and never go to a common excursion. I am opposed to girls going on excursions unaccompanied by parents.

Rachel.—Don't be like some girls. A sudden elevation is ruinous to some girls as well as to some women. Never allow yourself to be carried away by a few empty honors.

N. M.—The way to learn is to study. No matter what people say, always conduct yourself in a lady-like manner. Persons are talked about because they succeed, generally.

Carrie.—Be truthful always. Never allow your escort to catch you in a story. Be mild and gentle always.

D. H. If you girls will permit long courtship, it is your fault. I have a poor opinion of a young lady who would ask for a present from a gentleman to whom she is engaged.

M. M.—Some young men mistake politeness in young girl for something else at times. Always scrutinize every utterance of a man.

N. E.—Yes, too much interest very often develops a man's real motive. Watch the man who manifests too much interest.

Estelle.—It is unwise to let any young man know how much you think of him. If you think you will meet in his presence again never allow him to know it. The moment a young man believes you think more of him than he does of you, he forgets his good manners.

Minnie: You should always attend to business as you are directed. Never talk your business to other people.

R. S.—Always allow your escort to seek you. Never permit yourself to show the least anxiety about his absence, when he shows a disposition of carelessness.

Ione.—Never permit a young man to disappoint you but once. It is not safe. If he so soon forgets his duty after having once made an engagement, teach him a lesson by not permitting him to make another with you for six months. You must never break an engagement when once made.

M. B. C. Never attempt to look upon one with contempt. You never know when you will be compelled to go to him for aid and succor.

R. O.—These are pointers for our girls, because I am so well acquainted with the treachery and artfulness of the male sex. I know them so well that I shall never be fooled by them. Public men are more or less making adventures. Be a woman at all times no matter how you may suffer. A good woman is always respected in the long run.

You may for a time see more consideration paid the girl who makes life gaily. She is short lifed. Her days are numbered.

The good and noble woman is a jewel. She will make a model wife and a good mother. Let your thoughts be pure.

Speak evil of no one. If you cannot speak a kind word for your next door neighbor don't speak evil.

People who think more of themselves than people think of them, let them pass by. Always look upon yourself the equel of any one. The woman who imagines herself superior to everybody canot bear inspection.

I shall always answer any and al questions the best I can and keep you advised at all times.
